

# Setting Priorities for Patient-Centered Surveillance of Drug-Resistant Infections

<https://doi.org/10.1016/j.ijid.2020.05.121>

## **For which topic were research priorities identified?**

patient-centered antimicrobial resistance surveillance and research

## **In which location was the research priority setting conducted?**

international

## **Why was it conducted at all?**

## **What was the objective?**

## **What was the outcome?**

## **How long did the research prioritization take?**

## **Which methods were used to identify research priorities?**

survey

## **How were the priorities for research identified exactly?**

## **Which stakeholders took part?**

## **How were stakeholders recruited?**

## **Were stakeholders actively involved or did they just participate?**
