

Public Priorities for Osteoporosis and Fracture Research: Results from a Focus Group Study

<https://doi.org/10.1007/s11657-020-00766-9>

For which topic were research priorities identified?

osteoporosis

In which location was the research priority setting conducted?

Europe - United Kingdom

Why was it conducted at all?

What was the objective?

What was the outcome?

How long did the research prioritization take?

Which methods were used to identify research priorities?

focus group

How were the priorities for research identified exactly?

Which stakeholders took part?

How were stakeholders recruited?

Were stakeholders actively involved or did they just participate?
