

Priorities for Pediatric Patient Safety Research

<https://doi.org/10.1542/peds.2018-0496>

For which topic were research priorities identified?

pediatric patient safety

In which location was the research priority setting conducted?

North America - USA

Why was it conducted at all?

What was the objective?

What was the outcome?

How long did the research prioritization take?

Which methods were used to identify research priorities?

interview; survey

How were the priorities for research identified exactly?

Which stakeholders took part?

How were stakeholders recruited?

Were stakeholders actively involved or did they just participate?
