

Shared Research Priorities for Pessary Use in Women with Prolapse: Results from a James Lind Alliance Priority Setting Partnership

<https://doi.org/10.1136/bmjopen-2017-021276>

For which topic were research priorities identified?

pessary use in women with prolapse

In which location was the research priority setting conducted?

Europe - United Kingdom

Why was it conducted at all?

What was the objective?

What was the outcome?

How long did the research prioritization take?

Which methods were used to identify research priorities?

JLA method

How were the priorities for research identified exactly?

Which stakeholders took part?

How were stakeholders recruited?

Were stakeholders actively involved or did they just participate?
