

Research Priorities in α 1-Antitrypsin Deficiency: Results of a Patients' and Healthcare Providers' International Survey from the EARCO Clinical Research Collaboration

<https://doi.org/10.1183/23120541.00523-2020>

For which topic were research priorities identified?

Alpha1-antitrypsin deficiency (AATD)

In which location was the research priority setting conducted?

international

Why was it conducted at all?

What was the objective?

What was the outcome?

How long did the research prioritization take?

Which methods were used to identify research priorities?

survey

How were the priorities for research identified exactly?

Which stakeholders took part?

How were stakeholders recruited?

Were stakeholders actively involved or did they just participate?
